

THE TWELFTH TAI SITUPA

April 27,2024

As I was requested by Ven. Lama Sangyay Tendzin, I am writing to express my sincere prayers for the success of “THEG-CHOGNORBU LING” which is developing as a significant Dharma Centre in South of France.

Buddha Dharma as you may know, offers teachings and practices as taught by Buddha that can help individuals wellbeing, cultivate greater awareness, compassion, and wisdom.

I have learned that “THEG-CHOG NORBU LING” is instrumental in making these teachings accessible to people from all walks of life, providing a welcoming and supportive environment for those interested in exploring this path.

In addition to providing regular meditation sessions and teachings, the center also offers a range of community activities, such as dharma talks, retreats, and volunteer opportunities.

I believe that this Dharma Centre is an invaluable resource for anyone seeking to deepen their spiritual practice and connect with like-minded individuals.

I pray to Buddhas for “Theg-Chog Norbu Ling” to receive support in any possible way, whether through financial contributions, volunteer work, or simply by spreading the word about its good holy dharma activities.

With Regards

H.H. Khenting Tai Situpa
